June 20, 2017 Meeting Minutes

Those present: Chairman Mark Emery, John Manning, Vice Chairman, Clerk Bernard Cullen, Superintendent MaryBeth Wisser, Rob Swinarski, Chief Operator and Robert Gray, Distribution Foreman

Call to Order

5:21 pm: Chairman Emery called the meeting to order

On-site meeting at the Water Treatment 64 Pingree Farm Road to discuss dehumidification:

Chief Operator, Rob Swinarski, and Distribution Forman, Robert Gray gave a tour of the plant to the Water Board of Commissioners. Commissioner Manning said the plant is not as bad as it was in the past, but there is still too much moisture. Chairman Emery and Commissioner Cullen agreed. Commissioner Cullen said he believes that because of where the moisture is, and the reason for the moisture, he would like to visit another treatment plant that has a dehumidification system and observe the facility. Mr. Gray explained that there is a dehumidifier on the bottom floor of the plant, which has the same environmental conditions as the process room. He said it periodically freezes up and needs to be shut down, but it is effective when it is running. Commissioner Cullen said he will present his findings at the next Water Board meeting.

Adjourn:

Commissioner John Manning made the motion to adjourn, Commissioner Cullen Seconded. **All in favor at 5:50pm.**

Minutes Approved at the July 11, 2017 meeting

Minutes prepared by Kathy Bento
